### Fire Destroys Barn On Wyman Bros.' Farm

A large barn on the Wyman Brothers' farm on Lake street was almost completely destroyed by fire last Friday night. Two horses were killed and six others were rescued by Selectman Arthur P. Wyman, assisted by his employees and members of the fire department. The fire, which was caused, it is believed, by a carelessly thrown cigarette, gained tremendous headway in the loft which contained several tons of hay and straw hothed mats.

The flames had crept down through the mangers into the main body of the barn before the fire department arrived. Chief Tierney took personal charge in the fight against the flames and Selectman Wyman believes that he and his men deserve a great deal of credit for confining

### Hospital Faculty Entertains Graduates

Graduates of the Symmes Arlington Hospital Training School, representing all of the classes since 1921, when the first class was graduated, numbering sixty-one, gathered at the Nurses' Home Tuesday evening as guests of the Training School faculty. They came from places all around Arlington and enjoyed a regular reunion.

Mrs. Rosetta Knapp Breed, the well known reader, gave three monologues. This was followed by dancing. In the dining room where fancy ices and coffee were served, the table was attractively decorated in yellow and blue, the class colors. Miss Nora Brown, superintendent of nurses, poured and members of the faculty served.

## Jail Delivery Plan Found on Prisoners

There were surprising results of a capture made by Sergeant Harold F. Pick and Officer William Scanlan last Tuesday afternoon. They arrested two men for operating a stolen car. At headquarters it was discovered that the pair carried letters which showed a plan of the Concord Reformatory and the details of a scheme for a jail delivery on a certain date.

Before the pair was taken away by

Dr. Lord, who came to Arlington as a young man just out of theological school said that he thought always of the place in the terms of youth and that he found rejuvenation in returning here. He paid a high tribute to Dr. Lord who followed him and carried on the work for thirty-five years and said that he felt that in the hands

## Building for 1932 Far Below 1931's

The total value of Arlington's building in 1932, estimated from the permits issued by Inspector William Gratto, was but \$603,268, a drop of more than a million from 1931 when the year's building was \$1,781,485. But while the building was only a little more than one-third that of 1931 the permits issued last year were about half as many — 262 in 1932 and 518 in 1931. This difference is explained by the fact that in the earlier year the Brackett School, valued at \$197,000 and the High School addition, valued at \$82,000 were built while in 1932 the only school

## Need Is Urgent Says Social Service Committee

The Social Service Unemployment Committee appealing for aid in the work with the unemployed points out that the need now is more urgent than it has ever been before. This need has crept slowly up the line into better and better classes. There is needed \$2,000 a month for the unemployment budget. Last year there were contributions from all town employees. With the regular contribution to the town of ten per cent of all salaries, this contribution to welfare work has, of course, stopped. The money must, accordingly, be given by someone else. Outside clubs and organizations the committee found, that there were but 439 who had previously contributed. There should be two thousand who give at least a dollar a month, even if in order to do this they find it necessary to make some sacrifice.

## Mrs. Curry's Classes Enjoy Dancing Parties

With all the usual merriment the Christmas parties held by Mrs. Grace D. Curry were enjoyed by her pupils and their guests. They were held in Odd Fellows Hall last Friday and "Old Man Depression" had no place reserved so that all seats not occupied by the classes were taken by spectators.

The younger group or beginners had its party from 2.30 to 4.00. Masters Lawrence Keefe, David Rocray, Robert Taylor and Richard Stenson served as ushers to present their friends to Mrs. David H. Buttrick, Mrs. Harrie H. Daddum and Mrs. Frank M. Taylor who as matrons assisted Mrs. Curry in presenting the favors from time to time. They were attractively gowned and the background of decorated Christmas tree, laurel and wreaths made a pretty setting.

Following this party came the Junior High class from 4.00 to 6.00. The matrons who ably carried out their part for the group were Mrs. Harry Austin, Mrs. Ernest Benshimol and Mrs. Cecil B. Cowdrey and the ushers assisting were Robert Leuk, Russell Wiser, Arthur Hills, David Bott, Norman Austin and Ernest Benshimol. There were some very attractive gowns worn and no less attractive young ladies to set them off but to mention any particular ones would be difficult. They had their numerous favors and as is usual the ones that made the most noise gave the most delight. Mrs. Harry H. Stinson played in her usual able manner for the classes, and Miss Mary Stokes and Miss Hope Wells assisted on the floor.

## High School Noses Out Tufts Freshmen, 23-22

The High School basketball team won a close victory over the Tufts freshmen Wednesday afternoon at the Cousens gym in Medford. In the last few seconds of the game a basket from the floor by Arlington's forward, Wright, gave the school boys a one point victory, 23-22.

Arlington maintained a slight lead throughout the first half, 6 to 3, at the period, and 11 to 10 at the half. In the third period the Jumbos staged a comeback, bringing the score up to 19 to 15 in their favor. Arlington's rush in the last quarter was climaxed by Wright's winning throw.

Individual honors went to Harris and Radvilas with 11 and 10 points respectively; Wright gathered 9 and Seretto, 7 points.

## Arlington A. A. Trounces Belmont, 36 To 22

In a non-league game, two basketball teams of the Paul Revere League met at the Junior High East gym Wednesday night. It was an all-Arlington night with both the first and second teams winning. The first team game was a walkover, with Joe Goodwin ringing in 19 points of the 36 which the locals made to the visitors' 22. It took a three minute over-time period to decide the second team encounter, which ended at the regular time in a 19-15 tie. A single foul shot made good by Fawcette, which was the only score in the over-time, put Arlington in the win column.

The two main factors in the A. A. A's victory were the scoring of Goodwin and Winn's great covering of his opponent, Olsen. Belmont's high touted star, Winn kept his man down to three lonely goals from the floor. In fact, he made him look so poor that Olsen was taken out for most of the second half.

**Goodwin Leads Team**  
The first period saw Arlington start rather slowly, Belmont working its way up to 8 points, against 4 for Arlington. In the second quarter Goodwin went wild. On the receiving end of a beautiful passing game, Joe looped five shots in rapid succession. The Belmont guards, probably having heard big things about Galucci, forgot that Goodwin might be able to shoot, too. Time and time again Goodwin was left loose under the basket and made them nearly all good. The half ended, 21-12.

The second half was decidedly slower. Belmont, except at the very end of the game, lost its shooting eye completely, while the Arlington passes went astray. However, Goodwin added six more points with Calclough getting two nice throws from difficult angles. Paired with Calclough at guard was O'Keefe. These two played a great defensive game.

**Seconds Win 20-19**  
The second team staged a brilliant rally in the second half to tie the game at the whistle blew. Trailing, 12-8 at the half time, Leary led the attack, getting two scores from the floor and two single throws on fouls. Charlie Crocco, president of the home club, played an alert game, being second to Leary in individual honors with a six-point total.

The overtime was rough and hard-fought. A Belmont man got a strange hold on Fawcette. He converted. The single point didn't seem much at the time, but it was all that was needed to win. The summaries:

## High School Sextet Beats Alumni

Two days of cold weather enabled a hockey game to be staged on Hill's Pond New Year's Day, between the Arlington High School and the Alumni. The undergraduates came through with a 4 to 3 win. The ice was in poor shape. In fact, one end of the pond was open water.

The High School scored two goals in the first period. In the second stanza the old-timers tied it up, 2-2. Goals by Burns and Bott in the final period again put the school boys ahead. The game ended soon after Phil Lane counted for the grads. The lineup:

**ARLINGTON HIGH** — Burns, Crocco, Bott, rw; Sardella, Norberg, c; Staaf, Collins, Troy, lw; Cannell, rd; Lane, lg; Sakolan, g.

**ARLINGTON ALUMNI** — Rowe, White, lw; Merrill, Mee, c; Teele, Austin, rw; Lane, lg; Hagerman, rd; Cook, g.

Score: A. H. S. 4, Alumni 3. Goals — Gardella, Bott, Troy, Burns, Hagerman, Austin, Lane, Referee, Philbrick. Time, three 15-m. periods.

—Milton F. Schadege and Herbert Stofe of the Massachusetts State College, conducted a very interesting meeting of the Epworth League at the Heights M. E. church last Sunday evening. The topic was "Spiritual Values of Rural Life".

## Arlington High Team Skates to Surprise Win

The big dopesters had the Arlington High School hockey team all wrong. The local club has been called everything from "unknown" to the "weak sister" of the Greater Boston Interscholastic Hockey League. The 4-0 win over Rindge Saturday afternoon at the Boston Garden was the best possible answer to all this forecast business.

The first period started off rather slowly. Both teams appeared to be feeling each other out. It was the Lax line — Norberg and Mee on the wings — that began to speed up the play. Two nice shots from the little center ice-man's stick were saved by Rindge's star goalie, Roscio. The Cambridge team answered with a nice rush that ended with Sakolan sitting on the puck at the bottom of the pile.

**First Line Scores**  
Coach Downes entered his first string line. Collins on right wing received a pass from Sullivan. His shot was weak, slipping under his stick and never reached the net. Sullivan raced over and passed the goalie with a nice drive for Arlington's first score of the season. Just fifteen seconds later Greco pounced on a loose puck to score again, the period ending with the High School comfortably ahead, 2-0.

The second period on the whole was a listless affair. The Lax line started, but was soon replaced by the third line. The ice became a little soft and play was slowed up not a little bit by a rolling puck. As the first line came back, Sakolan again had to go down to save. Collins was given time for tripping. Rindge rushed hard but the Red and Gray played a nice defensive game to prevent a score.

**Sullivan and Lax Score**  
The third period found Arlington with more speed. Collins made a nice rush, handling the puck up the right side all alone. A pile-up at the net followed his shot — no score. Sullivan made good his try after a nice pass from Bullock. It was fine team-play with the big defense man pulling Rindge out of position, leaving Sullivan uncovered to receive the pass.

The Lax line was then brought on. A Rindge defense player was sent off for an illegal check. A shot bounded off Roscio's chest, and he went down. Lax and Norberg rushed in. The red light flashed. After the dust or rather the ice chips had cleared, the officials decided that Roscio, trying to clear the puck, threw it into his own net. Lax was credited with the score, being the nearest Arlington man to the play.

Lane, playing a stellar game at defense, brought down the house with a smashing check on Ananis, who was sailing in for what would have been a sure score. Thus, Rindge was shut out and whitewashed.

The summary:

Arlington		Rindge	
Greco (Norberg, Gardella), fw.	2	fw. Callahan (Portratt)	1
Sullivan (Lax, Byrne), c.	1	Sullivan (Mee, Stofe), fw.	1
Collins (Mee, Stofe), fw.	1	Bullock (Bott), lg.	1
Bullock (Bott), lg.	1	Lane (Cannell), lg.	1
Sakolan, g.	0	Ananis (Souza)	0
Goals — First Period — Sullivan, 8:15; Greco, 8:31. Third Period — Sullivan, 2:00; Lax 4:10.			
Penalties — Collins, tripping; Callahan, tripping; Ananis, tripping; Callahan, tripping.			
Referees — Cleary and Duplin			
Time — Three 12-m. periods.			

## High School Track Men Hold Informal Meet

On Wednesday afternoon Doc McCarty's runners staged an informal meet with Medford on the High School's new board track. The Arlington lads gave a fine afternoon's performance. Due to a Medford cleanup in the 30-yard dash, our figures show that Medford captured about 25 points to 19 for the High School.

In the short dash both Phinney and Higgins were left at the start and neither could make it up. Medford scoring first and second, Phinney third. Guapente and Bolivar of Medford crossed the finish in practically a dead heat.

Ted Foster ran a beautiful race in the 600-yard run to beat one of Medford's best men, Howard. Foster ran a front race all the way, with Lowery, also of Arlington, in second position until passed on the last lap by Howard. Ted's victory was helped not a little bit by Lowery's fighting off the Medford ace, running him wide on the turns.

"Red" Hanlon and Wilbur Hall placed second and third in the 100. Neither could catch Medford's flying Kozwick. Hall failed to time his race well, having too much left at the end.

Higgins and Bolivar were tied for first in the 300. Both men, running in separate heats, were clocked at 36.2. Higgins has not been able to work much this winter, due to a leg injury. By Friday he ought to be right to win at Brookline. Phinney was given third place.

Among those that did not figure in the scoring, but did well were Gardfield and Jackie Hoffman. Jackie is a sophomore and will be up front before he graduates.

Dinger McLean did not run as he is reported ill. Whether he will be ready Friday for Brookline is doubtful.

## Meehan & Co. Downs Lexington Basketball Team, 23-23 Yesterday

The Belmont High School basketball team showed an unexpected degree of finesse and a teamwork that far belied its scarcity of pre-season practice sessions when it ushered in the 1933 season by nicking off a 24-23 win over a favored Lexington quintet at the Lexington high gymnasium yesterday afternoon.

## THE SPORT ADVOCATER

The High School hockey team looks good — not the best in the league, but surely much better than the worst, which it was predicted it would be.

Its strength lies in a fine goalie, big Lane at defense, and two forward lines that are about equal.

The Sullivan line — the first stringers — were the opportunists, getting three of the four goals. The Lax line has more speed and really looks very professional.

Joe Lax is the brother of the big B. U. skater. The little center is a star in the making, too.

Medford, Cambridge Latin, and Rindge had the blues all afternoon — blue lines. From their play it would seem they had never heard of them.

Since other dopesters have gotten off to such a poor start, we'll try our hand. Melrose will win the league. With its snappy forward line this club doesn't need any defense men. The puck never reaches them, so good is the checking.

With a three man attack we assign the whole Arlington forward line to work on Ford letting the defense take care of the wings, and Arlington will win.

The other way would be to cover the wings and let Ford go through to be taken care of by Bullock and Lane. But this gets Ford too near to the goal. He's fast, tricky, and has a wonderful shot, while his wingmen can't even get the puck off the ice.

Thus we give Arlington a place right up in second position. Bottle up Ford and Belmont is out. Newton is big and tall but not too good. Stomach is a contender, but the Red and Gray ought to take them. Medford, Latin and Rindge can fight for the cellar.

Lane is the best defense man in the League. We would like to see him make more rushes himself. The few he did make were almost score producers.

The officials at the Garden were excellent.

The Arlington A. A. is capable of some fine basket ball. It is too bad some don't attend their games. Wednesday night the club bottled up the strong Belmont five in great shape.

Before the game in the warming-up session, Belmont was hoping them from all over the court, while Arlington looked poor. In the game Belmont was so closely guarded that it never had a chance.

A team that has one star is weak. If he is off or tied up, it loses. Last week it was Ed Galucci, the week before, Saransky, this last game, Goodwin, with the name underlined.

We doubt if it is a conscious procedure; rather probably the subconscious method of good court men to feed the ball to the lad that is on the go.

The A. A. A' starts its game slowly. Every man takes his shot. Soon it becomes apparent somebody is right. Immediately the attack centers on him. That's basketball!

Doc McCarty hasn't much to say about the track meet with Brookline this afternoon. He just says, "Oh we'll be liked, but —" and then gives us one of those looks that means lots of things.

Doc was pretty well pleased with the performance of his boys Wednesday against Medford. Arlington has no so-called star, but the kind of fighters that make the big shots wily plenty. Stars win first places. Meets, dual meets especially, are won with seconds and thirds.

Higgins ran a nice 300-yard run, 36.2. He had a blue shirted Medford lad chasing him all the way. But it was that "blue" feeling that finally caught up to him — after the race.

We like Ted Foster. He's a little fellow, unassuming — the kind that makes a runner like Howard, Medford's best in the 660, assume too much.

It seems that a certain event on New Year's Day aroused the ire of the members of the Greater Boston Interscholastic Hockey League. Arlington is the cause. On that day the High School six played the Alumni on Hill's Pond and beat them, 4 to 3. All the trouble comes from the fact that the League schedule called for a game with Belmont on January 1.

However, Coach Downes has explained the whole mix-up. The ice on the pond was poor. In fact the H. S. Alumni set to was only a shiny game. Mr. Downes called off the Belmont game because of no ice. Then the High School team got together and played the Alumni game without his permission. Thus the breach of etiquette was not a League one but entirely domestic.

Belmont has the finest single man in the league, Ford. In fact why not the finest in any school-boy league? However his wings are poor.

### Tells St. John's Men Of Virtue of Thrift

At their last meeting of the year held at the parish house last Thursday night the members of St. John's Men's Club were addressed by Hon. Frank P. Bennett, Jr., editor and former member of the Massachusetts Senate. After his introduction by Arthur O. Yeames, the speaker reminded the audience that he had been introduced to the St. John's Men's Club just twenty-one years ago by the same man. He said that he was not greatly flattered when the organization allowed a generation to pass before asking him to speak again.

Before the speaker was introduced the company enjoyed a caterer's supper which was supplied by Harry Revell's food shop at 1320 Massachusetts avenue and served by a group of volunteers. Dr. Ernest R. Brooks, who usually takes charge of the kitchen, took his seat in the audience this time.

During the business meeting Kenneth T. Trehwella of 8 Richmond road was voted into membership. President Milton Washburn announced that the next meeting of the club will be held upon the evening of January 23. Officers will then be elected for the ensuing year.

Mr. Bennett gave a very entertaining and inspiring address. The burden of his remarks was the value, the virtue of thrift—saving for a purpose. He pointed out that money spent uselessly was really the idle dollar.

### Sunshine Club Hears Report of Christmas Work

Of special interest at the meeting of the Sunshine Club, which was held Wednesday afternoon at the Westminster avenue home of Mrs. J. A. Chaves, was the report on the Christmas welfare work which was more extensive this year than ever before. Mrs. H. J. Anderson, who is the club's representative on the Welfare Council was in charge of the work with the president, Mrs. Horace W. Peirce, as her chief assistant.

Several Christmas baskets, filled with goodies of all kinds, were distributed and many individual needs were satisfied. The club's work is particularly with shut-ins but this year their cheer was extended to many others.

Hostesses assisting Mrs. Chaves on Wednesday were Mrs. Weston Craig and Mrs. E. Edwin Soderquist.

### Two Arlington Fleets On November Safety List

The names of two Arlington commercial motor fleets—the Arlington Gas Light Company and the Arlington Coal and Lumber Company—were among those recently named by the Governor's Committee on Street and Highway Safety as going through November without an accident.

That month, with its poor driving conditions and all-time high number record of automobile accidents and fatalities throughout the state, proved a stumbling block for many of the 342 commercial vehicle fleets competing in the fourth state-wide commercial vehicle safety contest sponsored by the committee. While the number of fleets and the vehicles contained therein, as well as the total hours of operation, dropped off considerably due to the failure of many fleets to report, accidents continued at a comparatively high rate.

In all, there were 565 accidents reported during the month or 52 less than in the previous month of October, nevertheless the smaller number of fleets reporting, 342 as against 348, and the lower total of hours of operation during the month, 2,790,621 as against 3,127,354, left the accident rate per 100,000 hours at 20.00, the same as in October.

There were a few encouraging signs in the report, however, notably the fact that those accidents which were reported were confined to a smaller percentage of the competing fleets. A total of 215 of the 342 fleets, or 63 per cent, went through the month without a reportable accident, as compared to 59 per cent in October, while 95.2 per cent of the 11,566 vehicles also had accident free records, as against 95.1 per cent in October. At the same time the accidents in November were not so serious as a whole, only one out of every four being serious enough to cause personal injury, as compared to one in three the previous month.

The Library Stamp Club started the new year yesterday with a most interesting meeting at which the speaker was Mr. Whittemore of the New England Stamp Company.

### Troop Seven Scouts At Their Camp Oak Cabin

Troop 7 of St. Agnes Church spent four days during the vacation at Camp Oak and in spite of the rainy weather had a fine time and a profitable one. 24 scouts made the trip, leaving Tuesday morning with Father F. X. Bransfield, their Troop Chaplain. George R. Wright arrived shortly after two o'clock in the afternoon with the food. Joseph Ahern and Paul Snell who did the cooking performed their duties so well that they elicited the praise of every one present.

The next morning the boys hiked to Nuttings Lake. In the afternoon there was a good game of football, starring Father Bransfield and John Snell; also a string burning contest which was won by Paul Snell for the first group and Myles Moriarty for the second. Thursday morning they hiked to Nuttings again and every scout had an opportunity to skate. The first group left their skates with the scouts who had none and returned to camp to prepare dinner. George Snell, Jr., was left in charge of the second group.

During the afternoon many scouts passed tests and the older scouts did more wood chopping. Friday morning the younger scouts in charge of their Senior patrol leader, "Babe" Ahern, hiked to Lexington Park, while the junior leaders and older scouts policed the camp grounds and cleaned the cabin. They left camp about eleven o'clock and hiked to Arlington with Mr. Wright. Almost every scout who was present on the hike returned to the regular troop meeting in the evening.

The scouts had several visitors, including Scoutmasters Jerardi of Troop 5 and Alsen of Troop 10. Mr. Publicover, Mr. Higgins and Mr. and Mrs. Paton of Arlington, also Mr. Smith and his son from Belmont. Father Bransfield returned to duty on Thursday, leaving Mr. Wright and George Snell, Jr., in charge.

Because of the many local and state activities scheduled for January, the local training course for leaders will be postponed until next month, the first meeting to be held on Thursday, February 2nd, at the Old Town Hall at 7:00. However, the much requested class in English Folk Dancing will be resumed next Thursday at the Old Town Hall at 8:30 p. m. Further notices will be sent through the mail.

Beginning Thursday, January 12, and continuing each succeeding Thursday until February 9th there will be an especially good training class for council members at the Massachusetts State Headquarters at 10:30 to 12:30. Special instruction will be given committee chairmen and council members may attend the group discussions which most interest them. Applications may be made at any time. The fee for the entire course is fifty cents.

Under the direction of Arlington Scouts, the Lexington, Cambridge and Cohasset Scout groups will present the carnival scene at the State Review to be held March 11th at the Boston Arena. Only Scouts who are good ice skaters are eligible to take part. Miss Minerva Cutler and Mrs. George Davis of Cambridge and Lexington met with Mrs. Towne on Wednesday to outline plans for the affair.

The next winter day camp session will be held January 21. Application blanks will be printed in the Advocate on Friday, January 13th. Tomorrow a mast raising contest will be held at Cedar Hill during the afternoon. Once again the "Outs" and "Ins" will compete. During the morning instruction will be given in lashing in preparation for the afternoon activity.

Many of the troops have a splendid gold star attendance record for October and November. The December records are not yet complete. In Troop 10 only one Scout failed to attain 90% attendance and in Troop 1 two Scouts failed, and in Troop 9 four lost out. Which

troop will be the first to have 100% perfect attendance for a month?

The Arlington Leaders' Association has been invited to visit radio station WBZ on their regular monthly meeting night January 16. A short business meeting will be held at the office at 7:00 before leaving by private cars for Boston. Leaders with cars available are asked to notify Miss Ruberta Bailey, chairman of the program committee before the 16th.

Last week eleven girls completed a Cooking Course with Mrs. Edward A. Bailey as instructor. As a wind-up of the course, eight guests on Thursday and sixteen on Friday, thoroughly enjoyed luncheons at the Old Town Hall prepared and served by the girls themselves. Sally Poole, Ruth Dalton, Catherine MacArthur, Charlotte Curtis, Frances Griffiths, Elizabeth Schroeder, Martha Brown, Barbara Porter, Phyllis Cowdrey, Lillian Evans and Catherine Eugene are the lucky girls and will receive their cooking badges at the coming rally in February.

In Troop 5, the girls are doing Nature and Signalling while others are very busy sewing for the District Nursing Association for their community bit during January. Emily Reise and Virginia Holton have passed their tenderfoot tests.

Fifteen candidates of Troop 11 have been invested by Mrs. Kidder as Tenderfoot Girl Scouts. They are Nancy Baker, Edith-Anne Clifford, Patricia Doherty, Joan Fowler, Pearl Green, Mary Guinan, Marion Ingebreton, Caroline Lacey, Betty Lawson, Mary McCormick, Ruth Richardson, Jeannette Shedd, Arline Sinclair, Natalie Titus and Charlotte Wunderly.

There was also a very pretty Registration Ceremony, when the whole troop registered.

The Publicity Chairman asks every captain to see that troop news is sent in every week except during vacations; preferably written, but telephone if more convenient, to the chairman not later than Wednesday evening. Tel. Arl. 4541-J.

Miss Lena Winifred Lenk and Miss Alice Grayce Lenk entertained twenty-two members of their family and intimate friends at a buffet supper at their home on Chapman street Sunday evening. There were Christmas decorations and every one had a happy time singing Christmas carols. The delicious supper was served from a table with a very lovely Christmas centerpiece.

### MRS. JOSEPH ANNOUNCES DAUGHTER'S ENGAGEMENT

An engagement of much college interest is that of Miss Helen Barton Joseph, the daughter of Mrs. Helen C. Joseph of Arlington Heights and Rockport, who is making the announcement, to Robert Alonzo Jordan, son of James E. Jordan of Cambridge. Miss Joseph is of the class of 1929 at Radcliffe and Mr. Jordan, who attended Worcester Academy, received his bachelor's degree from Dartmouth in 1930. The announcement was made at a tea last Saturday afternoon. Miss Virginia Haynes of Brookline and Miss Hope Hanly of Newtonville poured tea.

### High Beats Alumnae In First Game of Season

The Arlington High Girls' basketball team started its winter schedule victoriously by defeating the Arlington Alumnae sextet with the close score of 25 to 24. The game was played last Wednesday at the High School gymnasium.

Before the major game started, a 24-minute contest took place between the junior and sophomore members of the squad. The action of this game was rather slow and one-sided. Adelaide Pangborn, right forward for the Juniors, made 12 points and Janet Blanchard, left forward, made 6 points. For the Sophomores, Catherine Hart made 4 points, the only scores for that side. June Rowland and Margaret Rieghel, junior guards, both made a very good showing at the defense. The Juniors won the match with the score of 18 to 4.

The first quarter of the squad game began after the Junior-Sophomore game. Quite different from the first game, the action was very fast and the ball flashed up and down the floor. Alice Alexander, captain of the red and gray, played brilliantly during this quarter. The tall forward kept the ball going steadily into the basket. At the end of this quarter she had made the entire score of 13. Pearl Gibson and Barbara Crampton played a fine game as right and left guards.

Only two baskets were made by the Alumnae forward, Donnelly, during this quarter. However, during the final part of the game Donnelly increased the score by 10 points and Tiny O'Sullivan added 10 points also.

Alexander was called out of the game during the second quarter with three personal against her name. Dot Carroll was sent in as substitute. During this quarter the High girls' score was increased two points by Midge Rice.

In the second half Helen McCarty played in Carroll's place as forward. Helen did fine work and added ten more points to the score. Rice, in place of Buddy Keane, scored another basket. The final score was 25 to 24 in favor of the school team. The line-up:

**HIGH SCHOOL**—Alice Alexander (Carroll, McCarty), rf; Midge Rice, (Keane), lf; Midge Williams, jc; Dot Richardson (Keane, Boyle), sc; Pearl Gibson (McCarty, Simonds), pg; Barbara Crampton, (Waterman, Gibson, Rimbach), lg.

**ARLINGTON ALUMNAE**—O'Sullivan, rf; Donnelly, lf; Carter, jc; Carroll, Crosby, rg; O'Neil.

**JUNIOR CLASS**—Pangborn, rf; Blanchard, lf; O'Sullivan, sc; Johnson, jc; Rowland, Rieghel.

**SOPHOMORE CLASS**—Hart, rf; Yates, B. Rimbach, Jackson, Marvin, C. Swanson.

### Brookline Stars Due to Defeat Arlington Team

The Brookline High School has too many stars on its track team for the local boys to hope to win today at Brookline. In fact, the Orange and Black are picked as sure winners in the Andover interscholastic and the probable top place team at the B. A. A.'s and the State meet.

#### Swartz Will Dominate

The big 180-pound Brookline captain, Swartz, is the answer to any coach's dream. He is clearing the bar regularly at 6 feet 1 inch in the high jump. Besides this the Brawny Boy can toss the 12-pound ball out 50 feet under wraps.

Second place in the high jump will be taken care of by Tod Plotkin, 5 feet 11 inches. This boy is also the hurdle hope. Eddie Roe, who took second in the State 1000 yard last year, is going even better to date, while Enright, third place winner in the same meet in the 600, is picked to head Arlington's best.

#### Arlington's Hopes

Arlington's stock went down considerably when Higgins, the outdoor captain, pulled his leg a bit skating. However, against Medford Wednesday he looked good. If right Higgins can run with the best of them in the short dash. As it is, Phinney, the indoor captain, ought to bag a first or second tomorrow.

The 300 ought to be a top-notch between Higgins, Phinney and Garfield for Arlington and Brookline's unknown, Perkins, Dinger McLean, who did a nice two laps in about 26.3 last week, is reported ill and it is doubted whether he will be used.

In the hurdles McFarland, Arlington's smooth topper, ought to break the ape. He has done a lap under 18.4, running the outside and two hurdles besides. Crovo, who has been working pretty hard at basketball, will have to take second place to Swartz of Brookline. But then, those three points might be very useful in the final check-up.

Ted Foster looked fine against Medford. He will give Brookline's Enright all he wants. He will probably have as running mate, Lowery. In the 1000-yard run, plucky "Red" Hanlon and Wilbur Hall will carry the local colors.

Thus, as we see it, it is Brookline's meet if their stars function, and Arlington's forces are going to make them have to function—that is if they are to win over Doc McCarty's fighting runners.

### High School News

An honorary system has been started at the High School which is on equal rating with the Student Council and the honor roll system. This system makes students with good scholarship and citizenship student assistants. The student who have received this honor are Bernadette Rowland, Ruth Ryrholm, Ross Teel, Karl Tenney, Virginia Proctor, Betty Creech, Louise Turner, Helen

Heigh ho, gluck up, and well-away. Some years have lately passed away. Since we have from glittrig heights descended.

'Tis time our tearful grief were ended—  
Loud swamped in lachrymosity,  
Why whimper still for sympathy?

'Tis said that, once the hoop garou  
Wept sorely 'fore the Kangaroo,  
Who swift drew back his capud plenum  
And smacked the kang's fat duodenum.  
Now list the moral of this tale—  
That lucieve ne'er more did wall!

We're live and kicking — so be glad!  
This grand old Earth is not so bad—  
At least so long as we are in it.  
We might as well smile once a minute.  
Who broods in gloomy reticence  
Is apt to feel like thirty cents.

The man who wins, just look and see.  
He is no glum! Ha! No-str-ee!  
His face is somber, yet his twinkle  
Bespeaks no blubbering periwinkle.  
His frowning thro' these deep  
Morasses  
His smiles are sweet as thick molasses.

Then while no more a sad refrain  
Nor blab the old lugubrious strain,  
Let rose-hued hopes dispel our fears;  
Time cures our ills and so, methinks,  
The dawning of a new day blinks.

All those interested in singing in the chorus or playing in the orchestra are asked to meet at the home of Dr. and Mrs. David R. Kennedy, 800 Massachusetts avenue, at three o'clock Sunday afternoon. ### Truck Driver Arrested For Drunkenness After Crash

Carrie Fowle of 11 Wayne street reported to Officer Maurice Scannell yesterday that a truck registered to John Mulally of Somerville had struck her car and had done considerable damage. She claimed that the driver was drunk. When Officer Scannell investigated the truck was there but the driver had gone.

The accident itself happened about one-thirty. Shortly after three o'clock Sergeant Harold Pick in a scout car saw Mulally walking along Broadway. He stopped him and turned him over to Officer Scannell. In the opinion of the latter there was still enough evidence of liquor on the man to charge him for drunkenness and he was locked up at police headquarters.

### Cooking Recipes

#### Stuffed Lamb Hearts Baked

Wash lamb hearts in cold water and remove the veins and arteries. Fill the cavities with a stuffing made of bread crumbs seasoned with salt, pepper, sage, minced onion, and celery salt. Moisten the dressing with hot water and a little bacon fat or butter. Tie or skewer the openings and sear hearts on all sides in hot bacon fat. Place over each heart a thin slice of salt pork or bacon and bake for one to one-and-a-half hours, depending upon the size of the hearts. If necessary, add a small amount of water to the pan. Make a gravy of the liquid in the pan and season it with chopped herbs or a few stewed prunes and a slice of lemon.

#### Orange Crullers

Beat two eggs without separating. Add ½ cup granulated sugar and ¼ cup whole milk. 2 cups flour, ½ teaspoon salt, 1 teaspoon cream of tartar, and ½ teaspoon soda. Add grated rind of one orange and mix to a dough. Roll small amount at a time to a thin sheet. Cut into rounds. Put ¼ teaspoon marmalade on each place and cover with another round. Press edges together and fry in deep fat.

"The Match King" starring Warren William, which starts Sunday for as the victims of a financial genius in four days at the University Theatre. They are Lili Damita, Glenda Farrell, Juliette Compton and Claire Dodd. They are all held in mesmeric fascination by the personal charm and magnetism of a colossal schemer, a part played by Warren William, and are eventually sacrificed to his ambition. This remarkable story is taken from the novel by Einar Thorvaldson. The story is so astounding that it outdoes the wildest of fiction, and would not be credited if the blazing newspaper headlines that suggested the story hadn't already established the authenticity of the details.

Alison Skipworth is featured with Stuart Erwin in "He Learned About Women," the companion feature. Susan Fleming, Grant Mitchell and Gordon Westcott have other important roles.

Taken from Grace Perkins' popular magazine story of the same title, "No More Orchids," which starts Thursday follows the spontaneous and dazzling course of a wealthy society debutante who is almost forced into an undesirable marriage to a title of royalty by a stern and proud grandfather. At first, the film trips lightly from Paris to Cherbourg and on across the Atlantic Ocean to America on one of the finest and most luxurious of our modern liners, bubbling as it were with gaiety and effervescing with the froth of champagne. Walter Connolly and Louise Closser Hale, two of the finest character players on the American stage or screen, play supporting roles as Miss Lombard's father and grandfather. Lyle Talbot plays opposite Miss Lombard as the young, handsome but aloof lawyer who mistrusts her when she appears to be falling in love with him and swears to throw over the Prince in order to marry him.

While "Sherlock Holmes," the companion feature, deals in mystery, thrills and romance it is said to have more than a good share of comedy. Clive Brook, who portrays the title role, has many humorous and whimsical lines, but the real comedy of the picture is in the hands of Herbert Mundin, who will be recalled as the butler in "Bachelor's Affairs" and Frank Atkinson.

## Girl Scout Notes

Always ready for adventure and thrills the girls of the senior troop played follow the leader on Tuesday evening with Captain Towne the leader. First the group visited the Arlington Police Station where they were escorted through the building by a most courteous and interesting officer. The consensus of opinion of the troop was that in Arlington law-breakers stand little chance of evading the police force. The trail next led to the Central fire station where the group was again shown the utmost courtesy and attention. All in all, the evening proved one of the most interesting in the history of the troop and the members are very grateful to Chief Bullock of the Police Department and Chief Tierney of the Fire Department and their force for making these visits possible and for the valuable instruction received.

The Golden Text is: "To do good and to communicate forget not: for with such sacrifices God is well pleased." (Hebrews 13:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus said unto them I am the bread of life; he that cometh to me shall never hunger; and he that believeth on me shall never thirst" (John 6:35).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To understand all our Master's sayings as recorded in the New Testament, sayings infinitely important, his followers must grow into that stature of manhood in Christ Jesus which enables them to interpret his spiritual meaning. Then they know how Truth casts out error and heals the sick. His words were the offspring of his deeds, both of which must be understood" (p. 350).

## "MERRY-GO-ROUND" GIVES VIVID WASHINGTON PICTURE

A perfect replica of the House of Representatives at Washington is shown in "Washington Merry-Go-Round," a Columbia political film, showing now at the Capitol Theatre.

From the upmost seat where sits the Vice-President of the United States, a page boy on either side, through the tier of tables devoted to newspaper correspondents, past the rostrum on which is seen the Clerk of the House even to the 200 senators and congressmen who guide the destiny of America, the scene is marked by distinction and authenticity.

So thoroughly did the meticulously groomed gentlemen look their part, one looked further for their brief cases and speech notes. The counterpart of "Alfalfa Bill" Murray, senator from Oklahoma; of Senator William Borah, Senator James Hamilton Lewis of Illinois and many other picturesque figures in national political life are easily recognizable from the carefully selected types manifest in the House.

The story of "Washington Merry-Go-Round" was written for the screen by Joe Swerling, Maxwell Anderson and Eugene P. Thackeray. Others in the cast beside Constance Cummings and Lee Tracy are Arthur Vinton, Broadway stage actor, Clarence Muse, Alan Dinehart, Walter Connolly and Arthur Hoyt.

Tracy essays the role of an honest congressman who comes to the Capitol with the idea of doing his part or more in cleaning up questionable politics. Miss Cummings is the young woman who falls in love with him and after trying to reform him as a reformer, comes to the point where she agrees with his viewpoint and marries him.

## B. U. Women Grads Club To Hear Chinese Scholar

Local residents who are graduates or who are otherwise interested in Boston University have set aside Wednesday evening, January 11, to hear an address on China by Dr. Tehyi Hsieh, managing director of the Boston Chinese Trade Bureau, who will be the guest of honor at the annual open meeting of the Women Graduates Club of the university.

The program, which is to be a "Chinese Evening," will open at eight o'clock in Jacob Sleeper Hall, 688 Boylston street, Boston, and will include Chinese music, dancing, and other entertainment, as well as the talk by Boston's leading authority on China.

Dr. Hsieh, who is well known as a Chinese patriot, scholar, and author, has been hailed the world over as the "Teddy Roosevelt of China." He will discuss current affairs in his country, a subject of vital interest in the international situation today. As a writer he is the author of numerous magazine and newspaper articles dealing with various problems of his native land. Throughout the United States he is regarded as a genuine and authentic interpreter of his countrymen.

The meeting is the one time during the year when members of the Women Graduates Club try to raise money to add to the scholarship fund, a gift from which is made each year to some worthy woman student at the university.

Mrs. Walter S. Hartstone of Newton Centre is co-chairman with Beatrice S. Woodman of Newton in arranging the evening's program.

## FALSE ECONOMY

If, in the face of a nation-wide "Buy American" propaganda, while American elevators were bursting with grain and American farmers groaning under heavy taxation, the United States Government should buy for the use of some of its departments quantities of Russian wheat simply because it was a little cheaper than the home-grown product, everyone would agree that it was guilty of false economy—not to say disloyalty to its own citizens.

When the Town of Arlington, with its business men hard put to it to meet taxes, and having spent thousands of dollars in "Buy in Arlington" propaganda, spends the tax-payers' money out of town, just because by so doing, it can save a few—a very few—dollars, it lays itself open to the same charge.

An instance of this, with which we are familiar, because it happened to touch this newspaper, is the giving of the printing of the annual town report to an outside printer, because by so doing it can save (possibly) somewhere between 5 and 8% on the contract. That is what the Selectmen thought, but, as a matter of fact, we showed before the contract was let where they could save about 12% on the job without sacrificing quality, but merely by changing very slightly the appearance of some of the pages. Yet, this suggestion was not even discussed at the meeting in which the contract was awarded.

We would not have mentioned an oversight which the town committed before if this new matter had not come up. Last year we made special effort to inform the officials that we had added equipment which would allow us to compete with anyone for the printing of the Town Report. Yet, the Selectmen forgot to ask us to bid.

Without stressing the very genuine, though unpaid service which this newspaper is doing for the town through hundreds of articles stimulating good citizenship and making the way of those who conduct the town's business easier, as some claim towards consideration for a local publication, we would point to a few plain economic facts.

The Advocate is a local institution, doing its part towards supporting the town through taxes. It employs several people who are also local tax-payers. It does work which compares favorably with any outside concern.

Now, if the Advocate's price were much larger than that of an outside concern, the town would be thoroughly justified in its attitude. When the difference of prices is slight, it would seem to be wholly unjustified.

How many other cases similar to that of The Advocate there may have been, we leave it for the business men of the community and other Arlington citizens to say.

In any case the policy of the town's robbing itself with one hand while it apparently saves a very tiny sum which may make its financial statement an infinitesimal shade better looking, is according to the old saying, "a penny wise and a pound foolish," and sets an example to its citizens which goes a long way to upset the lesson which Arlington business men have been to much trouble and expense to instill.

## "WHAT'S THE USE OF THE POLICE?"

Arlington, in common with the other cities and towns of the country, spends large sums each year on its efficient police force, a great part of whose duty is to protect citizens from careless or drunken drivers. Our police do their duty. Arrests quickly follow accidents and charges are preferred against those whom the police believe to be guilty.

That this efficiency too often proves of no avail is brought vividly to mind by the disposition of the case against the young driver whose automobile knocked down and killed a man as he was crossing Broadway Thanksgiving night—a small sentence which was appealed.

In the lower court there is no prosecutor to take charge of the State's case. The accused man may have as expert counsel as he has money to buy; in the case referred to there seems to have been no lack of funds. Usually the policeman who presses the charge, however brave he may be in the general line of duty, becomes timid and hesitating in the presence of the court. He is not well trained in legal matters, is frequently a poor witness, and as often as not becomes a mere football for the adroit lawyer for the accused to kick about.

As a result, if the defendant is not acquitted altogether, he is given a light sentence. Encouraged by this, the counsel for the defense immediately appeals the case, and once he gets it before the jury, he, with all his professional wiles, worked on untrained and often ignorant men, finds the whole thing "pie". The accused walks free, in a short time demands the return of his driver's license from the Department of Motor Vehicles, and is soon back on the firing line again, in a position to send some other poor chap to the hospital or the undertaker.

The amount of evidence that is required to prove a bibulous driver was actually, according to the legal definition, intoxicated, is almost incredible. Recently we heard a drunken driving case. The driver and his companion, with charming frankness, related to the court the exact number of drinks they had had, and of just what sort of liquor those drinks were composed. As we listened we wondered how either of them was able to walk, let alone drive an automobile. But the court, which looked at the matter from a legal point of view, decided that they had not been really drunk on the night of their arrest.

When it comes to juries, perhaps because they are the peers of the defendant, most of them seem to be proof against any attempt on the part of the prosecution to show that a man able to sit at an automobile wheel can possibly be intoxicated. A friend who recently spent four days in court and listened to a number of drunken driving cases, told us that in every case the accused came off with flying colors, altogether exonerated from all charges of intoxication.

It is our own opinion that unless some stricter interpretation of the word "Intoxication" is made by the law, the return of legalized liquor will turn our streets into shambles. Whatever may be said in favor of a man's right to drink what he wants to, he must be kept out of a driver's seat when he has been drinking. Booze must be divorced from machinery. An intoxicated man with a gun is harmless compared with a drunken man at a steering wheel, for the former's inability to shoot straight makes for safety, while the latter's inability to steer straight makes him deadly.

In the meantime we are tempted to ask the same question which we heard a discouraged policeman ask, when after fighting tirelessly through two courts for a conviction in an automobile case, he saw the defendant walk off acquitted, "Aw, what's the use of police, anyway?"

## Here and There

We were interested to see what the first item on the police blotter for the new year would be like. It reads something like this: "A citizen reports two suspicious characters standing in the doorway of Clare's plumbing shop, 1375 Massachusetts avenue. She investigated and found (believe it or not) that they were waiting for a street car."

The president of the Chamber of Commerce has moved his insurance office. When he walked into his new quarters Tuesday morning he found a large and handsome bouquet awaiting him. A card revealed that it was from some of his old friends of the Associates block. They all subscribed to a very touching bit of sentiment. "We will be glad," they said, "to miss that ugly noise."

In his talk before the Chamber of Commerce the other night, the Transcript's George Carens told some funny stories about some of the members present. After the meeting your correspondent asked him whether or not the story concerning the Globe's John Hendrick was true. "No," said George, "but it was a good story just the same." He was right about that. It was a good story—too good to be repeated here.

Mr. Carens also re-told the story which appeared in the magazine section of the Boston Herald—the one which described a battle between Strangler Lewis and a boa constrictor. Mr. Carens explained that the scientist thought the wrestler would win because he has extremely powerful arms and a head which he would use, while the brain has no snakes—that's what George said, and he ought to know.

We understand that Arthur D. Saul is recovering all right. Mr. Saul has proven himself extremely fond of his dog and grateful to the men who rescued him from the broken ice of Spy Pond last week. Captain McEwen of the Fire Department took the initiative in the rescue. Without any idea of reward and without any regard to the extreme danger he crawled out onto the crumbling ice to rescue the struggling dog. We suspect that for the moment, at least, he even forgot his wife and six children at home.

The Society for the Prevention of Cruelty to Animals lost no time but sent a representative out to Arlington with a handsome medal the very next day. Mr. Saul also showed his appreciation. He came down to the Central Fire Station with Mrs. Saul and presented each of the firemen who had taken part in the rescue with a gold piece.

But Captain McEwen was a little bit doubtful about accepting or allowing his men to accept the handsome gift. He went and asked Chief Tierney if it would be all right. The Chief thought it over. His men are not allowed to accept gratuities of any kind, but he handed down his decision that this was a special case, and it was perfectly proper to accept a gold piece.

Some time ago there was a series of meetings of the heads of the various town departments. They talked over reductions in their budgets and came to certain agreements. As we understand it, it was the sense of the meetings that all town employees earning more than one thousand dollars a year would be asked to sign an agreement to the effect that ten per cent of their salaries would be turned back to the Welfare Department. This was done, 100%.

At the same time it was agreed that there should be no automatic increases in pay, no "step rates" allowed this year. The Selectmen were present at that meeting and we understand that they offered no opposition to the agreement, except that one member of the board refrained from voting.

Nevertheless, at their regular meeting this week, the Selectmen voted to grant the automatic increases in pay to both the police and the fire departments.

We know nothing of the arguments in favor of granting the automatic increases, and we feel that the men in both departments probably deserve all they can get. But we do think that the Selectmen have showed questionable judgment in breaking faith with all the other town departments. How is the School Department going to feel about not granting their automatic increases?

In fairness to the Selectmen we would state that the vote in favor of granting the "Step rates" was not unanimous. It passed by a vote of 2 to 1. The one member who has served on the board the longest knew what the consequences of breaking faith might be.

When he was a few years younger and before his practice grew to its present proportions Dr. Harold Webb used to be a licensed Maine guide. He piled up his trade all through the Maine woods every summer. His clients were his personal friends, but he was a real guide, nevertheless.

One spring when he arrived at the jumping off place he was met by his Indian acquaintances. In passing the time of day the doctor asked about his old friend and fellow guide, Old Man Brown. The Indian told him that he was dead.

At that moment the doctor was surprised to see Old Man Brown pushing his canoe away from the pier. "What do you mean?" he demanded of the Indian, "by telling me that Old Man Brown is dead?" "He dead," replied the brave. "But there he is right out there in his canoe." "That's all right. He dead. But he no fall down yet."

The hostess recited a lovely New Year poem, which caused her friends to congratulate her on her wonderful memory. Refreshments were served in the dining room from a table beautifully decorated in yellow, the Sunshine color. Ten prizes were given to the high scorers in whist, which was the game of the afternoon. The meeting closed with the singing of Auld Lang Syne.

N. J. BOWERS MAKES PLEA FOR  
RECREATION ASSOCIATION

A plea to maintain a "normal play life for children in these troubled times" was made this week by Nelson J. Bowers in a letter sent to Arlington citizens in behalf of the National Recreation Association, of which he is the local sponsor.

"Play for children is life and growth," he said. "It is the most important means for the education of the child. If we do not allow children to have a normal childhood now, they can not come back and have it later. We shall be better satisfied when the world has returned to its natural condition if we can say that difficult as it was somehow we gave our children a normal childhood with all that was essential to their growth."

"As we reduce expenses can we not spare our children?" he asked. "If we close our playgrounds and further reduce the work of the National Recreation Association, whose budget has already been reduced one-half, later we must add more policemen and more of our hospital beds will be occupied by children injured in street play."

#### Ralph's Shoppe Has Attractive Interior

One of the most attractive shops to be found in this vicinity is the new Ralph's Barber and Beauty Shoppe at 631 Massachusetts Avenue in the Old Town Hall. Finished in black and white, it is not only bright and cheerful, but also contains that element of warmth so essential in a shop of this sort.

The shop is equipped in the most up-to-date fashion. Besides the modern equipment for doing men's work, the shop is equipped with a Neel Duo Control Permanent Wave Machine. This machine when used with a new special oil system makes the hair look most natural and is the greatest advance in permanent waving in some years. The most scientifically improved methods are used throughout, thereby preventing disappointments.

Attractive prizes were presented to the four high scorers—Mrs. J. Herbert Mead, Mrs. Robert Sturtevant of Lexington, Mrs. Harold B. Wood and Mrs. W. K. Cook.

Mrs. Hatch has been spending a month with Mrs. McCormick. The luncheon was given before her return to Longmeadow where she will be with her other daughter, Mrs. Clift Richards.

# SCHOOL BUDGET FOR 1933

\$98,573 LESS THAN 1932

(Continued from Page One)  
put in full operation. These two buildings add to the school property thirty-eight regular class rooms, two auditoriums, a large lunch room, three play rooms, some thirty other miscellaneous rooms, and extensive additional school grounds, together with their complete equipment. Also, the fall enrollment in the high school in 1932 was 200 more than in 1931. This was but partially offset by a loss of about fifty pupils in the rest of the town. The high school faculty, however, was not increased, and elsewhere positions were consolidated and work curtailed so that eleven less teachers are now employed than were working a year ago.

The extra buildings and enrollment would represent normally a substantial increase in school expenses, at least \$10,000 in 1932 and \$10,000 more in 1933. Appropriations, however, for current expenses, not including special non-recurring items, were in 1931 \$745,399, in 1932, \$722,643.

School enrollment is constantly increasing, and a conservative outlook for the fall of 1933 is that the high school enrollment will be at least 100 more, the junior high schools 50 more and the elementary schools 150 more. Yet the net budget prepared by the school committee, excluding \$3,000 for special, non-recurring expenses, and after subtracting employees' contributions is \$664,777.

The proposition facing the school department for 1933, then, is to educate some 5% more pupils and maintain some 16% more school plant than there were in 1931, not for \$20,000 more than the appropriation for 1931, but for \$80,622 less.

It certainly is a liberal recognition of the need for retrenchment, yet it raises the very serious question whether such a drastic reduction can be made without serious harm to the education of the children, and whether, indeed, it is wholly necessary or justifiable.

## Entertain Eastern Star Officers at Continental

Mrs. A. W. Platin, the worthy matron, and I. Frederick Wood, the worthy patron, of Longfellow Chapter, O. E. S., entertained the officers of the chapter, together with their husbands and wives, at a party at the Hotel Continental in Cambridge Monday evening. They presented to each of the ladies a three strand string of pearls and to each of the men a sterling silver belt buckle.

Dinner was served at tables prettily decorated with colored candles and gay with the favors of large chrysanthemums and paper hats which helped to make the evening a gay one. After dinner games were played and the evening closed with bridge.

## Give Poverty Party For Calvary M. E. Choir

Mr. and Mrs. Albert Morris and Mr. and Mrs. Carl S. Nelson were hosts and hostesses to the choir of Calvary M. E. church at a poverty party last Friday evening at the Morris home in Lexington. Everyone was in costume and at the end of the grand march a prize was awarded to the one that looked most poverty stricken. Mrs. A. M. Simmons, Mrs. D. D. Kinsman and Mrs. Bertha Hotelling vied with each other for the ragged honors which were finally awarded to Mrs. Hotelling for her burlap smock, torn skirt and mismatched shoes and stockings.

## Fortnightly Club Has New Year's Meeting

The first meeting of the month of the Arlington Fortnightly Club was held at Wyman's Tavern Wednesday. A business meeting was followed by an interesting exposition by Mrs. Rodney Page of the advantages to the club of becoming members of the State Federation. The club has voted to be federated.

Miss Helen Tracy, well known local piano instructor, displayed unusual talent in her memorized execution of several difficult piano selections. Miss Cameron contributed two humorous readings which were delightfully given and added much to the gaiety of the evening. Flowery were presented to the three guests as the club's expression of gratitude. Games and refreshments brought to a close a wholly festive New Year's meeting. Mrs. A. D. Doyle and Mrs. Angus MacDonald were co-chairmen of the evening.

## FIRE DESTROYS BARN ON WYMAN BROS. FARM

(Continued from Page One)

the blaze to the barn itself. The alarm was rung in at 5:27 p. m.; a second alarm, which summoned pieces from surrounding towns and cities, was turned in at 5:36 p. m., and re-call was not sounded until nearly eleven o'clock.

As soon as the flames were discovered Mr. Wyman and his men made immediate effort to remove the horses. The two who were killed were not burned to death but died of suffocation. They were down when the firemen arrived, and, it is said, once a horse is down in a burning building it is impossible to get him up again.

Two hogs which were in the cellar were removed successfully after a long and lively battle with the firemen. They were big fellows and very active. Several of the boys were upset before the animals were trussed up.

The building was completely gutted and the superstructure almost entirely burned away although the main floor did not go through. The damage was heavy, but will be paid by the insurance company.

## M. S. P. C. A. Bronze Medal Surprises Capt. McEwen

Captain Lorne McEwen of the Fire Department was surprised last Friday afternoon when a representative of the M. S. P. C. A., Dr. E. F. Schroeder of 21 Wachusett avenue, visited the Central Fire Station and presented to him the society's bronze medal in recognition of his bravery in rescuing from Spy Pond on the day before, the setter belonging to Arthur D. Saul of Gray street.

Captain McEwen crawled on a ladder over the ice that was too weak to hold the dog and succeeded in pulling him from the water. After the dog had been given first aid treatment at the police station, he was taken to the Angell Memorial Hospital where the story of his rescue was told. It is to this, the firemen believe, that Capt. McEwen owes the prompt appreciation of his bravery.

A second dog, belonging to Mrs. Shaw of 145 Pleasant street, was drowned and a third succeeded in getting out of the water unaided. Laddermen James A. Doherty, James P. O'Brien and Judson S. Aiken held the ladder for Capt. McEwen.

Mr. and Mrs. Saul visited Central Fire Headquarters Sunday and presented the firemen who had taken part in the rescue with gold pieces in recognition of their services. Mr. Saul also wrote a letter to Captain McEwen which follows:

Dear Captain:  
I feel that any recognition I can make of the rescue of our dog is most inadequate. From many sources I have heard of the patience, persistence and resourcefulness of the firemen. Mrs. Saul and I are most appreciative and feel that any reward for your bravery has been well earned and more than deserved. To you and the others who assisted, we send our sincerest thanks.  
Cordially and gratefully,  
Arthur D. Saul.

## POLICE FIND PLAN FOR JAIL DELIVERY ON PRISONERS

(Continued from Page One)

The Brighton police, who wanted them for stealing the car they were driving, they admitted that they had arranged to meet at the Concord Reformatory. They had received from a trusty a packet of letters which they were supposed to mail. They had stopped to sleep in their car as it was parked on Old Mystic street, when they were discovered and apprehended by Sergeant Pick.

The sergeant saw a car parked without lights and went to investigate. He started to question the occupants when the driver tried to start the car. Pick jumped to the running board and turned off the switch. The men made no further effort to escape. The two who were arrested were Frederick Lyman of 140 Main street, Charlestown, and Walter E. Brophy of 111 William street, Jamaica Plain. They boasted that they had been running the loop in Charlestown in the stolen car which they said would go 98 miles an hour. Lyman had been paroled from Concord recently.

## Arlington Grange Holds Public Installation

Arlington Grange, 276, P. of H., held a public installation Wednesday evening in G. A. R. Hall. The 1933 officers with Mrs. Ethel G. Gray, worthy master, were installed by Katherine Brown McCarron and her suite. The suite consisted of Mrs. Lurline Prescott, marshal; Mrs. Lily Deale, emblem bearer; Mrs. Mary L. Clinckard, regalia bearer; Mrs. Doris Clinkard, flower bearer; Mrs. Emily M. Saunders, chaplain; Mr. Lowe, soloist; Mrs. Winifred Ford, pianist; Franklin Colburn, flag bearer; Edward W. Connors, master of ceremonies.

The ceremony was very impressive. Mr. Lowe, the soloist, was especially fine and was greatly enjoyed. After the installation there was a grand parade, led by the installing officer and her suite, to the banquet hall, where ice cream, cake and coffee were served.

At the next meeting, January 18, an anniversary supper will be served at half past six. At the meeting at half past seven there will be roll call of all charter members.

## DOG BREAKS LEASH AND BITES LITTLE GIRL

The first dog bite reported for 1933 occurred on January 2, when seven-year-old Priscilla Whitman, the daughter of Mr. and Mrs. Chester Whitman of 59 Ronald road, was bitten by a dog on Washington street. The dog, of 190 Washington street. The powerful animal was tied but broke his leash, jumped the wall into the Whitman yard and attacked the child, gashing her back and arm.

## Police Fail to Catch Car Without Lights

Sergeant Meagher of the Arlington police gave chase in a scout car to a machine driven by supposed bandits Saturday night. But the police could not match the speed of the pursued coupe which was fleeing without lights.

Arlington scout cars were on the watch because word had been received from Cambridge headquarters that a safe robbery had just been committed at the Clark Coal Company office in North Cambridge and the thieves were thought to be driving through Arlington. A second Arlington police car also gave chase, but the lightweight machine had no difficulty in pulling away.

## OSTERLUNDS GIVE PARTY FOR DAUGHTER'S BIRTHDAY

Last Thursday evening Mr. and Mrs. Hilbert Osterlund of 8 Brattle street entertained a group of young people in honor of their daughter, Hildegard's twentieth birthday. The honor guests were Miss Madeleine Kimball and Paul Simcoe of Andover. Miss Kimball is Hildegard's senior sister at Framingham Teachers College where Hildegard is taking a four-year course in dietetics. During the evening bridge, games and music were enjoyed by everyone. Delightful refreshments were later served by the hostess.

## WOMEN STAND IN TRIBUTE TO CALVIN COOLIDGE

(Continued from Page One)

Miss Pierce, sang three numbers in a most artistic manner. Mrs. Roscoe Perry, chairman of the Welfare Council, appealed for everybody in Arlington to contribute to the work of the Council with the unemployed. If two thousand families would contribute even a dollar a month it would mean so much to the work. A collection taken for this purpose yielded \$103.12.

Mrs. Herbert Stephens, to whom Mrs. Wood yielded the chair, called upon Clarence H. Dempsey, superintendent of schools, with Herman Gammons, High School principal, had a place on the platform. Mr. Dempsey gracefully introduced Mr. Beck, speaking of his appearance at the High School in the morning and of the splendid talk he had given there.

Mr. Beck, who is personal director of the New York Stock Exchange, gave statistics and facts and told stories that held his hearers' interest for an hour. He was there, he said, to speak in the interest of youth. There was need of a plan to interest young people, to teach them to make something of their lives, to have a purpose. Above everything they should have the spirit of perseverance and a passion for right living. In conclusion he urged his hearers to make 1933 a road of service to mankind.

During the business meeting it was voted to dispense with refreshments on guest night. Members of the Americanization classes with Miss Schaefer were guests and occupied seats which had been reserved for them at the front of the hall.

## Principal Gammons Addresses Rotary

Herman Gammons, principal of the High School, was the speaker introduced by President John A. Bishop at the Rotary meeting Wednesday noon at the Middlesex Sportsman's Association clubhouse.

He chose as his theme the modern school compared to the High School of the former generation. Today, there is less use of the rod and more cooperation between teachers and pupils. Two hundred pupils, whose work is not satisfactory, are directed by twenty teachers who make a study of each case to discover why the pupil's work is not better and then apply the corrective.

The student council is a valuable committee consisting of ten seniors, six juniors, four sophomores, elected by the students, meeting with three of the teachers and the principal. The object is to improve the cooperation between students and faculty. The assemblies promote school spirit. The new lunch room, with much of the work done by the students and with no rent to pay can provide an average lunch for 12c and is valuable also in promoting the social side of the student's life.

A school paper printed in the school shop is issued each two weeks. Between eight and nine hundred copies of each issue are sold for 5 cents each.

Contrary to the opinion of many, the regular work of the students is improved and not harmed by the many additional activities. Mr. Gammons asserted in closing his talk, which held the attention of the club.

## Ralph Kinsman Speaks At Calvary Methodist

Last Sunday evening Ralph Kinsman, a former Arlington resident who came back home for the holidays, gave an interesting account of "High Lights in Chicago," to a gathering of about one hundred and fifty in the vestry of Calvary M. E. church. Miss Bernice Walkins was in charge of the meeting which was sponsored by the Epworth League. Mr. Kinsman's talk was preceded by community singing and followed by refreshments.

Before the meeting in the vestry there was a service in the church auditorium at which the preacher was Rev. D. J. Imier, pastor of the Belmont Methodist church. There was also special music.

## MARRIAGES

SWITZLER—HARVEY

Royal Brant Switzler, the son of Mr. and Mrs. Clifford T. Switzler of 25 Glen avenue and Miss Esther Mae Harvey were married last Saturday at the home of Miss Harvey's parents, Mr. and Mrs. George Wallace Harvey, 506 Parker street, Newton Centre. The ceremony was performed by Rev. Laurens MacLure.

PIERCE—SHEAHAN

The marriage of Miss Helen Patricia Sheahan, daughter of Mr. and Mrs. John Sheahan of 22 Grove street place, to Walter Edward Pierce, son of J. Pierce and the late Mrs. Pierce, of Loring street, Somerville, took place last Sunday afternoon at 4 o'clock at St. James Church, Appleton street.

The pastor, Rev. Maurice J. O'Connor, D. D., performed the ceremony, at which the single ring service was used. The wedding marches and musical prelude were played by Mrs. Bonney, organist. The bride was gown in white lace and wore a tulle veil fashioned with orange blossoms and seed pearls. Her bouquet was of bridal roses with a shower of baby's breath and rosebuds. Her sister, Mary Cecelia Sheahan, attended as bridesmaid. She was gown in rose apricot crepe with hat to match and carried Ward roses. John Hamilton of Somerville was best man.

Following the ceremony an informal wedding reception was held at the home of the bride's parents, to the immediate families and intimate friends. The house was decorated with greens and cut flowers.

Mrs. Pierce is a graduate of Arlington High School and is an active worker in the various club groups at the Heights. She was one of the organizers of St. James Court, M. C. O. F., and the first Chief Ranger of the Court.

Mr. Pierce is a graduate of the Somerville schools and attended Wentworth Institute in Boston. He is in business in Somerville.

## BUILD STREETS BY HAND SAYS LOCAL CHAMBER

(Continued from Page One)

At the meeting of the Chamber of Commerce at the Middlesex Sportsman's Association clubhouse Tuesday night, it was moved that it was the sense of the meeting that if there are any streets to be accepted in the annual warrant for 1933 and if any are accepted by the town, these shall be constructed by the Board of Public Works, using hand labor wherever possible and using men whose names are on the Welfare list.

Before that motion was passed it was thoroughly discussed by many of the members present. Charles M. Sawyer presented the project. He claimed that in the soft land in East Arlington streets could be built entirely by hand labor for no more than it would cost to have them built by a contractor. Furthermore, he said, 75% to 80% of the cost of those streets could go into labor.

Charles A. Hardy, the Town Treasurer, next to speak on the subject, said that if the streets were built entirely by hand, the town need not rely entirely upon inexperienced labor. A number of regular employees of the Board of Public Works have already been laid off. Last year, said Mr. Hardy, there were 402 people on a section of the payroll of the town. This year, at the same time, there were only 191. A great many of this class of unemployed have already returned to the town for aid.

Most of Cost in Material

Ralph Adams of the Board of Public Works said that he would like to see some facts and figures which would show him that 75 to 80% of the cost of building streets in East Arlington could go into labor. He said that it stood to reason that it would take more crushed rock under a surface which was being built on soft soil than would be necessary on some of the higher and harder streets. Most of the cost of street goes into material, he said, unless the total cost is boosted up into the sky.

Charles A. McManus, chairman of the commercial division of the chamber, spoke in favor of building the streets by hand. He afterwards told the reporter of the extension of Brattle street. The residents on that street paid for the construction themselves and got 1500 feet of good street for \$1500. A member of the Board of Public Works points out that that public works does not cover sidewalks, edgestones or storm drains.

Welfare Money for Streets

Arthur Birch approved the idea. He remarked that it was better to spend the welfare money for streets than just to hand it out and get nothing for it. The unemployed have work around the town, but while some of it has been beneficial, none of it has been absolutely necessary. Streets, on the other hand, are becoming increasingly necessary. Mr. Birch felt so strongly about that point that he advocated a bond issue if that is necessary for the purpose of constructing streets.

Edward A. Bailey, the town tax collector, doubted that it would be wise for the town to accept any streets. The people, he said, are finding it very hard to pay their taxes now, without being assessed betterments.

## Carens Tells Funny Stories

George Carens, sports editor of the Boston Transcript and an Arlington resident, was introduced by Wallace M. Powers of Johnson road, who is also a key man on the Transcript, to a gathering of the members of the Transcript. Mr. Carens delivered into personalities which caused considerable amusement. He succeeded in pinning funny stories upon quite a few of those in the audience.

The speaker told how he happened to get into sports writing. He has been 19 years on the Transcript and previous to that served some ten years with the Boston Herald. He started with the Herald at \$5 a week and two months after his advent the paper failed, probably due to the strain of the extra five dollars on the payroll.

A List of the Greats

Mr. Carens listed the following and told the reasons for each choice: KNUTE ROCKNE—Greatest, most magnetic figure who has ever lived in football.

1914 HARVARD FOOTBALL TEAM—The most perfectly synchronized team he ever saw in action.

HARRY WOOD—The greatest opportunist he had seen in 20 years of observation.

TY COBB—The most instinctive athlete with a great competitive spark. His actions were quicker than his thought flashes.

BOBBY JONES—The athlete who possesses the most grace and rhythm. ELSWORTH VINES, GERALD PATTERSON and TOMMY HITCHCOCK—The hardest hitters. The speaker thinks that Vines hits the ball harder than Tilden did.

STRANGLER LEWIS—The most powerful man he ever saw.

GUS SONNENBURG—The toughest.

After listing quite a few more of the greats and near-greats, Mr. Carens launched into an exposition of the gentle business of wrestling. He characterized the industry as high class vaudeville.

During the business session president David A. Wilcox called upon the secretary, Maurice Hatch, to read the names of three applicants who had been approved and elected to membership. They were John L. Packerland, 25 Coolidge road, Florence A. Donahoe, 56 Coolidge road, and the Great Atlantic and Pacific Tea Co.

## Lacasse Appeals Six Months Sentence

Amedee Lacasse, who was found guilty of driving so as to endanger life and of driving with defective brakes, was given a sentence of six months on the first count and fined ten dollars on the second in the East Cambridge District Court last Friday. He appealed the case. The charge of manslaughter and driving under the influence of liquor were dismissed. Lacasse's car knocked down and killed George Sperry and seriously injured Aestros Laskaris when they were crossing Broadway Thanksgiving night.

## BUILDING FOR 1932 FAR BELOW 1931'S

(Continued from Page One)

building was the connecting corridor at the High School, which was valued at only \$12,500.

The largest group was that of single family residences—79, valued at \$460,700—but that fell far below 1931 when there were 194, valued at \$1,081,200. Next in both number and value were garages—66, \$23,635. Only two two-family houses were built, valued at \$15,000, while in 1931 there were 20, \$152,500.

The rest of the building last year is classified as follows: complete one-family, 3, \$18,500; one-family one-family, 3, \$18,500; one-family and alterations, 39, \$18,878; stores, 5, \$23,750; piazzas, 16, \$2,670; piazza roof, \$7,500; sun porch, 4, \$1,550; foundations, 2, \$1,200; greenhouse, 5, \$12,900; dairy house, 1, \$5,600; wash house, 1, \$1,000; summer camp, 1, \$400; hen houses, 4, \$415; stands, 2, \$95; boiler room, 1, \$400; sky sign, 1, \$500; storage water tank, 1, \$100; dormer, 1, \$125; move one-family house, \$300; demolish one-family house, 4, \$475; demolish garage, 1, \$50; demolish barns, 3, \$545; demolish engine house, 1, \$300; demolish stand, 1, \$15; relocate hen house, 1, \$100.

Building reached its highest point in May when the 23 permits were valued at \$47,875. In the other months it was as follows: January, 12, \$34,645; February, 9, \$14,960; March, 24, \$68,825; April, 26, \$48,320; June 23, \$47,875; July 21, \$42,665; August, 25, \$45,753; September, 34, \$74,435; October, 29, \$71,600; November, 18, \$28,650; December, 11, \$35,175.

In the last week of the year one permit was issued—to Walter A. Kendall for a sky sign, 20-36 Massachusetts avenue, \$500. There were 459 plumbing and 552 gas permits during the year.

## To Repeat Performance Of "Annette's Success"

The Catholic Women's Guild of St. James Church is sponsoring a repeat performance on Tuesday, Jan. 17, at St. James Hall, of "Annette's Success," the musical comedy, written and directed by Laura A. Halliley, teacher of dancing. The cast includes many prominent Arlington men and women. The show has been very successful in its past presentation and it promises to be again.

Mrs. Mary Kenney, with A. K. Hatchfield are the portrayals of the dramatic parts. Lena Barry of Lexington is the capable leading lady, with Helen McMenimen as a typical chorus girl is carrying out her part. The dancing choruses, Miss Halliley states, are the best non-professionals with which she has ever worked. Miss Halliley with her brother John impersonated the Four Mills Brothers at the New Year's Eve show at Wyman's English Tavern in a very entertaining skit will also include the number in the show and will also dance.

## FORMER MINISTERS AT FIRST PARISH

(Continued from Page One)

of the present pastor the church would go on to an even greater future.

Dr. Gill spoke of liberty and progress as the two outstanding points in the Unitarian faith. During his pastorate he said he had tried to speak according to his conscience and he had found the people of Arlington most responsive.

All three ministers, representing an almost continuous ministry from 1887 to the present time, took part in the communion service. George A. Smith and William G. Rice were the deacons.

There was much interest in the exhibit of historic articles which had been arranged by Miss Edith Whittemore. This included a part of the old pewter communion ware and the christening basin which were given to the church in 1739, and the silver tankard presented by Jonathan Butterfield in 1789, which was stolen by the British soldiers on April 19, 1775 and was recovered from the Boston pawnbroker to whom they sold it. There were also many interesting pictures and papers.

The following document was received from the Orthodox Congregational church:  
"At a meeting of the Members of the Orthodox Congregational Church of Arlington, held December 29, 1932, it was unanimously voted to send the following Resolution:  
"To The First Congregational Parish (Unitarian) of Arlington, Mass.  
"Dear Friends:  
"On the occasion of the 200th Anniversary of the founding of your historic Church the members of the Orthodox Congregational Church send fraternal Greetings, warm congratulations and heartfelt good-will.  
"The record of the First Parish and its Ministry through these many years has been a notable one. Great indeed have been the religious and community changes which two hundred years have brought, yet the Church has met each new change with courage and vision. The Church has not remained static in organization or belief or life.  
"Increasingly through the generations it has given its splendid support to every worthy enterprise for community betterment, social uplift and the relief of human need.  
"It is natural, at this time to think of the past. We are however grateful for your present day fellowship and loyal co-operation in the common interests which concern all of the Churches. It is a privilege to share with you in services of united worship and to think less of those things which separate us and dwell more and more upon those things which bind us all closer to our common Heavenly Father.  
"Moreover, we are not unmindful of the future. May it be rich in blessing and may increasing joy be yours through increasing service. And may the God who has thus far so wonderfully blessed, give even greater blessing in many future years."

## Many Enjoy New Year's Party At Middlesex

(Continued from Page One)

The large crowd which went to the Middlesex Sportsman's Association club house last Saturday evening to see the old year out and the new in, had a jolly time. There were special favors, dancing to excellent music and in addition all parts of the club were open so that those who did not wish to dance, could bowl, or play billiards or cards. It was said everyone, an awfully nice party. Amos Carver, head of the entertainment committee was in charge.

## DEATHS

PATRICK J. CROSBY

The funeral of Patrick J. Crosby, former resident of Arlington and a member of Arlington Council, K. of C., was held this morning from his home, 14 Cliff street, Lexington, with a solemn high mass of requiem in Sacred Heart Church. Mr. Crosby, who died on Tuesday, was born in Ireland fifty-eight years ago and came to this country when he was a boy. For many years he was with the Braman Bow Company of Boston as salesman. He is survived by his wife and two daughters, Mary and Katherine Crosby.

## JAMES E. TRAYNOR

James E. Traynor of 25 Fairmont street died in the Wrentham Hospital yesterday morning after a long illness. He was the father of Harold ("Pie") Traynor, star third baseman of the Pittsburgh Pirates. He is also survived by his widow, by five other sons—Ed, ward, Robert, Arthur, John and Charles, and by a daughter, Miss M. Louise Traynor.

Mr. Traynor was a member of the Printers' Union. He had lived in Framingham and later in Somerville coming to Arlington from there several years ago.

The funeral will be held from his late home tomorrow morning at eight. There will be a high mass of requiem at the Immaculate Conception church at nine.

## MRS. HORACE N. WHEELER

Mrs. Ella Elizabeth Wheeler, the widow of Horace Nelson Wheeler, passed away yesterday at her home, 7 Revere street. She was born eighty-one years ago in Mystic, Connecticut, the daughter of Gordon and Louise Miles Giddings, both of whom were natives of Mystic.

Funeral services will be held at her late home tomorrow afternoon at half past two with Rev. Warren N. Bixby, rector of the Church of Our Saviour, officiating. Burial will be in Glen Grove cemetery, Mystic.

## SCHOOL DEPARTMENT WELFARE CONTRIBUTION

(Continued from Page One)

contributions in November, \$2,457.90; contributions in December, \$2,441.29. Payments have been made to the Welfare Council of Arlington, to which during the last two months the official town welfare department has referred cases, for which it did not have available funds.

To many, these contributions have meant a real stride in view of extraordinary obligations forced upon them by the depression, and of the modest wages received. They have cheerfully given, however, to help those who are in want, and to assist the town in financing welfare work.

## LIBRARY CUTS BUDGET ASKING BUT \$24,474

(Continued from Page One)

the others are not above the minimum total, which no contribution is required.

From this appropriation may be deducted the dog tax, which goes to the library and which is over \$2,000 and the library fines which are returned to the town—last year \$1,647.31—so that the actual amount will fall below \$20,000. This reduction has been made in spite of rapidly increasing circulation. Mrs. Spofford's report to the trustees, whose chairman is William A. Muller, on Monday showed that 308,933 books had been circulated during the year, an increase of 51,823 over 1931, when there was an increase of 51,823 over 1930. Of this 1932 increase 37,999 was at the central desk, 9,710 in the Junior Library, 310 at the East Branch, 2,957 at the Heights Branch and 1,467 in the schools. This means a circulation of eight books per capita for the town. There are 9,213 card holders.

Library work during the year has included sending out 3523 overdue cards and 3,847 reserve cards. 11,765 books have been carried back and forth between the central library and the branches. During the year 4,373 books have been added—1,101 less than last year—and 1314 books have been discarded. There are now 49,999 books in the library of which probably not more than 45,000 are circulated.
